#### **CHOCOLATE & OTHER DECADENT FOOD**

If you'd rather feed your crush at home rather than go to a restaurant, keep the following small businesses in mind:

#### **AGASSIZ PRODUCE**

If you're planning to make a meal for your flame? Then you'll want to use the freshest, locally-grown produce and ingredients.

Agassiz Produce is a specialty grocery that sells flowers (a bonus where February 14th gift giving is concerned), bedding plans, hanging plants, dairy, and bakery products.

#### THE BACK PORCH

You may not have known there's a coffee roaster in the Harrison River Valley. As their name implied, The Back Porch roasts its popular coffee on their backyard deck.

#### **FARM HOUSE NATURAL CHEESES**

The name of this shop has cheese in the name. Need we say more?

#### LORI'S CATERING

Not up for making a special meal for your family? Or, do you know someone who will be hosting an event this year? Hire a caterer.

Lori's Catering services the Greater Vancouver and Fraser Valley and can work with any size of group you're looking to serve.

#### THE. MOST. DECADENT. CHOCOLATE.

Chocolate may sound clichéd, but Rocky Mountain Chocolate Factory will change your mind about giving it as a V-Day gift.

Curated by a Master Chocolatier, their luxurious chocolate, and especially selections from their Amore Collection, are sure to go straight to your sweetie's heart.

#### **LOVE A LATTE**

What meal is complete without a loving, warm cup of coffee? Who are we caring: coffee can be a meal!

Do you know a coffee aficionado? Is sharing a cappuccino one of your favourite things to do with your honey? Feed their soul with a gift card from a local café.

The **Muddy Waters Café** sells the best java the region has to offer, home-baked treats, and wholesome, casual lunch options.

**ATTRACTIONS** 

# ATTRACTIONS (NOT INCLUDING YOUR VALENTINE)

Valentine's Day can be the perfect excuse to celebrate the love of family.

With two on-site museums, a gift shop, a café, interpretive programs, a working farm, and a campsite, a season pass to the Kilby Historic Site is ideal for those looking to spend time with family members of all ages.

The Agassiz-Harrison Museum & Visitor Information Centre is located in the former 1893 Canadian Pacific Railway (CPR) station. Purchased by the Agassiz-Harrison Historical Society in 1985 for a dollar, the station now houses a collection of cultural objects from the communities of Agassiz, Harrison Mills and Harrison Hot Springs.

SPA, HEALTH & WELLNESS

#### **SPA, HEALTH & WELLNESS**

Who doesn't like a spa day? Or a spa hour? Who couldn't use a wellness tune-up, or the chance to invest in their health?

Show those you care about that their wellbeing matters to you. Our Valentine's Day Gift Giving Guide includes several businesses whose services will say exactly that:

- ◆ Agassiz Family Chiropractic Centre
- ◆ Gente Bella Beauty Academy

#### FOR THE LOCALLY, ECO-CONSCIOUS

You can give a gift from a soulless multinational company or you can give one that's from a shop in your community. The former will get you fast shipping (maybe); the latter will help keep a locally-owned small business in business.

Whether your darlin' adores art, games, candles, hand-made knitted clothing, pottery, eco-friendly goods, or beautifully-smelling things, you'll find a present for them in our gift guide.

Here are three locally-owned shops that have wears for people of all ages:

#### **BLUE DANDELION GIFTS & COLLECTABLES**

This boutique boasts a huge selection of games, toys, puzzles and books for kids of all ages.

#### **CANWEST ART GALLERY ON THE LAKE**

The Harrison River Valley is known for its thriving artist community. Support the arts and regional artists with an original work of art from Canwest Art Gallery on the Lake.

If artwork isn't your lover's style, The gallery gift shop also sells a variety of culinary delicacies.

Don't know what your beloved would like in art? Buy them a gift card to the gallery instead.

#### **HARRISON LAVENDER**

needed to make the non-toxic home, body, and bath products they're known for.

Pare an item from their farm with a gift certificate for a service mentioned in the previous section and you have the makings of one heavenly Valentine's Day gift.

#### **FOR PET LOVERS**

They say food can be the way to a person's heart, but if that person has a pet you may want to think differently. Show a dog, cat, or other animal lover you care by gifting them something for their furry friend.

#### **DOOGIE LOVE**

For those with canine companions, we have the perfect option. Makers of Healthy K9 Original Beef Dog Chews, AC Pet Chews' offers organic, 100% all-natural dog treats that are sure to make you the Valentine of any four-legged friend, and even their owner.

#### **PET CARE**

If your sweetheart has a pet, you can bet at some point they'll need to take it to a vet. (See? We rhymed!) Why not give them a gift certificate for a veterinarian visit?

With locations in Agassiz and Hope, Kent Veterinary Clinic serves the whole of the Upper Fraser Valley area. Locally owned and operated, you'll be supporting local business when you pay them a visit.

CARS

#### FOR CAR LOVERS

What if your loved one is a car lover instead of a cat lover? Our guide has something for them, too.

Car aficionados have love affairs with their rides. Help keep their romance alive with a service from Ok Tire Agassiz.

Although not the sexiest of options on this list, you may find an auto service-themed gift is just the thing to get their heart, and motor, humming.

Better still, if your loved one is a nature lover, combine a photoshoot with a hike.

Based out of Harrison Hot Springs, Adele Hinkley Photography specializes in offering outdoor photography sessions perfect for singles, couples, and families.

## GIVE THE GIFT OF LOCAL LOVE

Valentine's Day is the day of love, but it needn't be the day of soulless buying.

Thanks to our Valentine's Day Gift Giving Guide,

February 14 is the perfect chance to show the people you love how much they mean to you. Whether friends or family, children or pets, we hope our guide has inspired you to look outside of the mass-produced box and into the (locally-sourced chocolate) box when it comes to gift giving.
